Rep. Marcoleta Champions Major Funding Boost for Barangays with House Bill 9400

Representative Rodante Marcoleta has introduced House Bill 9400, a landmark proposal aimed at providing direct financial support to barangays nationwide. This initiative targets uplifting local communities, especially in 4th and 5th class municipalities, by reallocating underutilized government funds to strengthen local governance and empower barangay officials.

A recent study revealed that only 12% of the nearly 42,000 barangays can operate sustainably, with the majority facing severe financial challenges. Many barangay captains receive as little as ₱5,000 per month in honoraria, a disparity that extends to auxiliary staff such as barangay tanods, health workers, and Lupon Tagapamayapa members. These financial limitations hinder the delivery of essential services, further undermining effective local governance.

House Bill 9400 proposes the establishment of the Barangay Affairs and Development Fund, sourced from 3-4% of the "sleeping" funds of various government agencies. This fund would provide direct financial assistance to priority barangays, particularly in less affluent municipalities. Additionally, the bill calls for the creation of the Barangay Affairs and Development Commission, which will oversee the fund's distribution, standardize the salaries of all barangay officials, and ensure long-term community sustainability.

By empowering barangay officials with both financial resources and capacity-building initiatives, Marcoleta aims to enable them to better serve their communities. With widespread support from fellow lawmakers and no significant opposition, he is urging Congress to expedite the bill's approval to bring meaningful and lasting change to barangays across the country.

PSA, binalaan ang mga indibidwal na mag-iimprenta ng digital National ID sa plastic cards

Muling nagbabala ang pamunuan ng Philippine Statistics Authority laban sa mga indibidwal na mag-iimprenta ng digital National ID sa plastic cards dahil sa kawalan ng physical national ID.

Ayon sa ahensya, wala silang abiso hinggil sa pagbibigay nila ng pahintulot na gawin ito.

Anumang digital national ID na inimprenta sa plastic cards para sa pansariling gamit ay hindi tatanggapin sa anumang transaksyong gagawin.

Giit ng PSA, sila lamang ang may authorization na mag-imprenta ng physical National ID Card.

Samantala, parusang tatlo hanggang anim na taon ang maaaring kahaharapin ng sinumang mapapatunayang indibidwal o grupo na kabilang sa hindi awtorisadong pag-iimprenta ng digital national ID.

Bukod dito ay pagmumultahin rin sila ng isang milyon hanggang tatlong milyong piso batay na rin sa umiiral na Republic Act No. 11055 o Philippine Identification System Act.

PNP magsasampa ng kaso laban sa mga indibidwal na tumulong sa pagtatago ni Quiboloy

Magsasampa ng kasong obstruction of justice ang Philippine National Police (PNP) laban sa mga indibidwal na tumulong sa pagtatago noon ng Kingdom of Jesus Christ (KOJC) leader na si Pastor Apollo Quiboloy.

Ito ay matapos inihayag ni PNP chief Police General Rommel Francisco Marbil, na naglunsad na ng full investigation para sa mga taong sangkot sa pagtatago ng pastor.

Matatandaan na nahuli si Quiboloy noong nakaraang Linggo, sa loob ng KOJC compound sa Davao City.

Nahaharap ngayon si Quiboloy sa mga kaso sa ilalim ng Section 5(b) at Section 10(a) ng Republic Act 7610 o Special Protection of Children Against Abuse, Exploitation, and Discrimination Act, pati na rin ang non-bailable qualified human trafficking charge sa ilalim ng Section 4(a) of Republic Act No. 9208.

Alice Guo, nanindigang hindi plinanong pumunta ng China matapos pumuslit palabas ng PH

Nanindigan di dismissed Bamban, Tarlac Mayor Alice Guo na hindi niya pinag-isipang pumunta sa China matapos siyang tumakas sa Pilipinas.Ginawa ng dating alkalde ang pahayag matapos tanungin si Guo ni Senador Ronald "Bato" dela Rosa sa pagdinig ng Senado nitong Martes ng kanyang susunod na plano sana kung hindi siya naaresto ng mga awtoridad sa Indonesia noong Setyembre 4.

Subalit sagot ni Guo na talagang pinag-iisipan na umano niyang bumalik sa Pilipinas para magpaliwanag sa mga paratang laban sa kanya.

Sinabi ni Sen. Dela Rosa na ang dahilan kung bakit niya ito tinanong ay dahil sa mga teorya na si Guo ay maaaring isang espiya mula sa China.

Ngunit sa naging sagot ni Guo, hinala ni Dela Rosa na hindi naisipan ng dating alkalde ang pagpunta sa China dahil sa pagkakasangkot nito sa Philippine Offshore Gaming Operators (POGOs).

Muling iginiit ni Guo na hindi siya sangkot sa mga operasyon ng POGO.

Nauna nang kinumpirma ng National Bureau of Investigation na si Guo ay may kaparehong fingerprints sa Chinese passport holder na si Guo Hua Ping. Gayunpaman, tumanggi si Guo na aminin na siya ang nasabing tao.

Sa naturang pagdinig din, inamin ni Guo na umalis siya sa Pilipinas noong unang linggo ng Hulyo.

Habang sa leptos naman, nasa kanbuuang 123 na ang kasong naitala sa buong bansa mula Agosto 18 hanggang 31 na naobserbahan ang pagtaas matapos ang pananalasa ng bagyong Carina at habagat noong Hulyo na nagdulot ng malawakang mga pagbaha sa Metro Manila at sa iba pang lugar sa bansa.

Roque dudulog sa Korte Suprema dahil sa kasong idinadawit sa kaniya ng mga kongresista

Dudulog si Atty. Harry Roque sa Korte Suprema ukol sa pagkuwestiyon sa kaniyang yaman ng House of Representative na iniuugnay

sa operasyon ng Philippine Offshore Gaming Operations (POGO).

Sinabi nito na hindi alam ng maraming mga mambabatas ang kanilang trabaho at ito ay para gumawa lamang ng batas.

Ang mga pag-iimbestiga aniya sa mga kinasasangkutan ng mga naninilbihan sa gobyerno ay sa hudikatura

Nanindigan ito na handa siyang tumalima sa anumang kautusan ng Korte Suprema.

Tatlong pasyente sa QC na may mpox, gumaling na – DOH

Gumaling na ang tatlong mpox patients mula sa Quezon City.

Una nang nakapagtala ang naturang lungsod ng apat na aktibong kaso ng mpox at agad ding tinunton ang mga posibleng nakasalamuha ng mga ito.

Gayunpaman, wala namang natukoy na nahawa sa mga close contacts ng apat na pasyente.

Sa kasalukuyan, isang pasyente na lamang ang binabantayan sa QC – isang lalaking pasyente na nagpositibo ngayong Setyembre.

Ang naturang biktima ay naka-isolate sa kanyang bahay kung saan natuntun na rin ang 14 na close contact kasama ang kanyang partner.

Ayon naman sa Department of Health, nananatiling kontrolado ang sakit na mpox sa Pilipinas, sa kabila ng sunod-sunod na paglitaw ng mga pasyente.

PAPI marks Golden (50th) Anniversary

The Publishers Association of the Philippines, Inc. (PAPI) marks and celebrates its milestone Golden (50th) Anniversary on September 20, 2024 with a commemorative program at the Philippine International Convention Center (PICC).

Founded in 1974, following the declaration of Martial Law on September 21, 1972 which saw the closure of all private media outfits in the Philippines, except Bulletin Today and the provincial newspaper Island Observer in Oriental Mindoro, publishers met in Manila to find ways to address the problem and present their plight to the Martial Law authorities.

The media leaders, led by Bulletin Today publisher, Gen. Hans M. Menzi, then an aide of President Ferdinand Marcos, Sr. shortly organized PAPI as a non-stock and non-profit corporation. Its incorporators were Raul L. Locsin (Business Juan A. Perez (Philippine Daily Express), Kerima P. Tuvera (Evening Post) and Rosario B. Olivarez (Journal Group of Companies).

PAPI's first set of corporate officers were Menzi, president; Mariano B. Quimzon (Bulletin Today), secretary-treasurer; Sol L. Villa, overall coordinator; and Robert M. Mendoza. executive director. Included in its national board were included the association's regional chairmen from the country's 11 regions then: Oseo Hamada (Baguio Midland Courier), Region I; Claudio Cortez (Cagayan Star), Region 2; Benigno Razon (Tarlac Star), Region 3; Mario S. DepEd, 65 education partners tinalakay na ang paghahanda para sa PISA 2025

Tinalakay ng Department of Education (DepEd) at ng 65 education partners nito ang paghahanda para sa Program International Student Assessment (Pisa) assessment sa 2025.

Inilahad ni Assistant Secretary for Curriculum and Teaching Janir T. Datukan ang mga pangkalahatang plano at aktibidad bilang paghahanda para sa Pisa.

Sinusukat ng assessment ang performance ng 15 taong gulang na mga mag-aaral sa mathematics, reading, at science.

Magugunitang sa pagbusisi ng panukalang pondo ng DepEd para sa 2025, sinabi ni Education Secretary Sonny Angara na ang paghahanda para sa Pisa sa 2025 ay parang "bar exam."

Una nang iginiit ni Senador Sherwin Gatchalian na kailangan ng mga programa sa learning recovery sa gitna ng walang naitalang malaking pagbabago sa marka ng mga mag-aaral sa Reading, Mathematics, at Science mula 2018 hanggang 2022.

Ayon pa sa senador, kailangang ding suportahan ang mga guro sa pamamagitan ng pagtataguyod sa kanilang kapakanan at suporta sa mga mag-aaral sa kanilang pagkatuto.

Lumabas sa index ng teacher support na mas mataas ang suportang ibinigay ng mga Pilipinong guro (0.50) sa kanilang mga mag-aaral kaysa sa average na naitala (-0.03) ng mga bansang kasapi ng Organisation for Economic Co-Operation and Development (OECD).

Sa pinakahuling PISA, lumabas na 8 sa 10 mag-aaral ang nag-ulat na patuloy ang mga guro sa pagtuturo hanggang sa matutunan nila ang aralin (80%), tinutulungan nila ang mga mag-aaral sa kanilang pag-aaral (81%), nagbibigay ng karagdagang tulong kung kinakailangan (81%), at nagpapakita ng interes sa pagkatuto ng mga mag-aaral (79%).

Inihain ni Gatchalian ang Revised Magna Carta for Public School Teachers (Senate Bill No. 2493), na layong amyendahan ang 57-taong Magna Carta for Public School Teachers (Republic Act No. 4670).

Tinapyas na pondo ng OVP, ibalik na lamang; dapat magbigay ng 'respect and dignity' sa 2nd highest official – Estrada

Sinabi ni Senate President Pro Tempore Jinggoy na dapat magbigay ng respeto at dangal sa pangalawang pinakamataas na opisyal ng bansa matapos itong tapyasan ng pondo g mababang kapulungan ng Kongreso para sa susunod na taon.

Ang pahayag ni Estrada ay matapos irekomenda ng ilang mambabatas sa Kamara na bawasan ng P1.29 billion ang P2 billion proposed budget ng Office of the Vice President (OVP) para sa 2025.

Paano aniya makakapagtrabaho ang opisina ng bise presidente kung tatapyasan ito ng pondo kaya mas mainam aniya na ibalik na lamang ang tinapyas na budget ng OVP.

Samantala, sa palagay ni Estrada, mayorya ng mga senador ay sasang-ayon na ibalik ang tinapyas na pondo ng tanggapan ng pangalawang pangulo ng bansa.

Nang matanong ang senador hinggil sa hindi pagdalo ni VP Sara Duterte sa budget hearing na Kamara aniya base sa tradisyon ng Kongreso hindi na kailangang dumalo pa ang President at Vice President dahil binibigyan sila ng kortesiya.

Boluntaryo na lamang aniya siguro sa parte ni dating bise presidente Leni Robredo ang pagdalo sa budget hearing ngunit sa tradisyon ay hindi naman na kinakailangan.

Gayunpaman, tiniyak ni Estrada, na hindi mawawala ang transparency at accountability sa pagbusisi sa panukalang pondo ng OVP para sa susunod na taon.

RRDIC-X upskills 72 proposal preparers to secure innovation fund

CAGAYAN DE ORO CITY—The Regional Research, Development, and Innovation Committee—X (RRDIC—X) organized a writeshop on September 03-04, 2024, at N Hotel, Cagayan De Oro City, to capacitate 72 proposal preparers in crafting effective proposals for innovation projects in Northern Mindanao.

The goal of the workshop is to increase the number of project proposals from Region 10 that will receive grants from the National Innovation Fund. The RRDIC-X invited seasoned innovators to train the 72 participants from the state universities and colleges, national government agencies, and local government units.

In the past, Northern Mindanao has only secured one innovation project every year. The funded projects include establishing the Farmers Information and Technology Services (FITS) Center Innovation Program in Camiguin in 2022 and the Fabrication Laboratory for Hull Research at the University of Science and Technology of Southern Philippines (USTP) in 2023. Innovation is the cornerstone of progress. The Philippine Innovation Act recognizes innovation as "the creation, development, and commercialization of new or improved products, processes, or services that significantly benefit the economy and society." said Director Ratilla in her opening message.

Ms. Queritess Q. Queja, Executive Director of the Oro Chamber of Commerce, emphasized user-centric design (UCD) as a template for developing effective innovations. UCD means that designers set out to create a product that reflects the user's needs and preferences.

A winning proposal is an innovation that solves the market gaps. "We have to make sure that our innovations that we intend to propose should have a market. It should be market-driven, meaning to say, that at the end of the day, someone is going to use the output of our proposal," said OIC Regional Director Ruel B. Paclipan.

Dr. Jinky B. Bornales, the project leader of Mindanao State University—Iligan Institute of Technology (MSU-IIT) 's ILIGANICE, was invited as the guest trainer for the second day of the write shop, emphasizing the technical writing guidelines for writing a proposal.

National Economic and Development Authority—10 Regional Director Mylah Faye Aurora B. Cariño emphasized the importance of the write-shop message in her closing message: "What we really wanted out of this training is that we would be able to come up with proposals that would drive regional development."

The DOST 10, DTI - 10, and NEDA - 10 co-organized the two-day workshop (Joshua Robin/DOST 10).

Lahar flow sa gitna ng volcanic unrest sa Bulkang Kanlaon, ibinabala ng OCD

Nagbabala ang Office of the Civil Defense sa publiko sa posibilidad ng lahar flow sa gitna ng nagpapatuloy na volcanic unrest sa Bulkang Kanlaon sa Negros island na sinabayan pa ng mga pag-ulan dala ng nagdaang bagyong Ferdie at hanging Habagat.

Ayon kay OCD spokesperson Director Edgar Posadas, namonitor ang mud flow sa ilang lugar sa Western Visayas na nakakaranas ng mga pag-ulan kayat may posibilidad ng lahar flow.

Samantala, puspusan na ring nakikipag-ugnayan ang mga opisyal ng lokal na pamahalaan sa Western Visayas sa kanilang counterparts mula sa Central Visayas para matiyak ang coordinated response sakaling pumutok ang bulkang Kanlaon.

Pinaplantsa na rin ng mga lokal na pamahalaan doon ang kanilang paghahanda kabilang ang planong pagpapalikas sa mga residente sakaling lumala ang sitwasyon sa bulkan.

John 14:6 "I am the way, the truth and the life. No one goes to the Father except through Me."

"Quo Vadis?"

The madness of our society is one of busyness, instant gratification, and lack of commitment. Too busy to stop and to reflect on the consequences of one's actions. Too busy pursuing one's gratification and pleasures. Too busy to establish meaningful relationships. It's a sure way towards one's destruction.

(1 John 2:16) " For all that is in the world - the lust of the flesh, the lust of the eyes and the pride of life - is not of the Father but is of the world.

Satan, the god of this world, is a thief and a liar. (John 10:10a)
"The thief does not come except to steal, and to kill, and to destroy."

"Jesus said, "I am the way, the truth and life. No one comes to the Father except through Me."

Many so-called Christians are casual Christians. They adopt a "live and let live" lifestyle - a very loose approach to life without regard to God's moral standard and pay only lip service to their faith.

(Mat.15:8) "These people draw near to Me with their mouth,
And honor Me with their lips,
But their heart is far from Me.

Jesus is the only way to the Father. He alone holds the key to a life in all its fullness.
(John 10:10b) "I came that you may have life, life in all its fullness."
1) In Christ, there is acceptance. (Luke 19:10)
"for the Son of Man has come to seek and to save that which was lost."
2) In Christ, there is no condemnation. (John 3:17)

"For God did not send His Son into the world to condemn the world, but that the world through Him might be saved."

3) In Christ, there is sure help. (Heb.7:25)
"Therefore He is also able to save to the uttermost those who come to God through Him, since He always lives to make intercession for them."

4) In Christ, there is eternal life. (John 3:16)
"For God so loved the world that He gave His only begotten Son, that whoever believes in Him should not perish but have everlasting life."

All the riches of heaven are available to those who put their trust in the Lord, Jesus Christ! Amen.

Climate, disasters, education among top concerns of young Filipinos — UNICEF poll

Filipino youths consider climate change, natural disasters, education, health, and jobs among their top concerns, based on a poll of around 3,000 respondents by U-Report, the digital community of the United Children's Fund (UNICEF).

The latest poll, done online from June to July, revealed issues that matter most to the country's 13- to 24-year-olds, with a number worried about the impact of these concerns on their lives.

"About 26 percent of young people in the country believe that 'climate change and natural disasters' will be the biggest problem they'll face in the future while 23 percent are worried about not 'being able to finish their education.' 'Health (physical and mental)' and 'finding a job' are also major concerns, identified by 22 percent," UNICEF said in a press release.

"Young people see the lack of entry-level jobs (33 percent) and the current economic conditions (26 percent) as their two biggest obstacles in getting a job or starting a business in the future. Other concerns are the lack of access to quality education (20 percent) and the disruption AI technology has brought and can bring (18 percent)," it added.

U-Report's results showed that when the youths were asked what they will do as President of the Philippines to build a better future, "education, health, and economy figure in most of the answers asking the government to prioritize these critical issues".

"Other national issues mentioned extensively are corruption, agriculture, poverty, and the environment," the press release read.

"While youth are split on whether the future generation is 'worse off' or 'better off' (44 percent vs 37 percent) they do see the value that rapid technological innovations and democratic access to information can bring. They also find hope in how young people now are getting more and more involved in global issues. In fact, more than 80 percent of the respondents believe that the work of the United Nations is important in creating a better world," it added.

According to UNICEF, U-Report is a "digital community... for young people, by young people, where they can raise their voices and share opinions on topics that matter to them".

The U-Report poll results will be added to the contribution of the Philippines to the high-level UN event Summit of the Future to be held in New York this September 22, UNICEF said.

UN Philippines Resident Coordinator Gustavo Gonzalez thanked "every young person who is making their voice heard for an inclusive and sustainable world".

"New generations are bringing a reinvigorated sense of solidarity and a compelling call for collective action. Both are essential to build the future we want," he added in a statement.

For UNICEF Representative to the Philippines Oyunsaikhan Dendevnorov, the poll findings "reveal the sobering, yet hopeful outlook young people have about their prospects for the future".

Dendevnorov encouraged the public to find time to listen to the young ones.

"We should listen to what they have to say and work together to address these issues so that every child is cared for, protected, and given a fair chance in life," he shared.

DOH Sec. inatasan ang mga government hospital director na tukuyin ang mga fire hazards sa mga pagamutan

Inatasan ni Health Secretary Ted Herbosa ang mga namumuno ng iba't-ibang government hospitals na tukuyin ang mga fire hazards sa kanilang gusali.

Kasunod ito sa naganap na pagkakasunog sa bahagi ng Philippine General Hospital (PGH) sa lungsod ng Maynila.

Sinabi nito na mahalaga ang pag-identify ng mga lugar kung saan ang maituturing na fire hazard para ito ay agad na maagapan.

Handa rin aniya ang ilang mga government hospitals na tanggapin ang mga pasyente sakaling may mangyaring sunog sa isang pagamutan.

Comelec, nais nang i-donate ang mga lumang voting machine

Muling inialook ng Commission on Elections ang pag-donate sa mga lumang Precinct Count Optical Scan (PCOS) at Vote Counting Machines (VCM) units na nagamit sa mga nakalipas na halalan sa bansa.Batay sa report ng komisyon, ang mga naturang kagamitan ay inaalikabok na habang nasa mga bodega nito. Binubuo ito ng 80,000 PCOS machine at 97,000 VCM machine.

Ayon sa ahensiya, nakahanda ang komisyon na i-donate ang mga lumang makina sa Department of Education (DepEd) at Professional Regulation Commission (PRC).Ayon kay Comelec chairman George Garcia, dati na rin siyang nagsagawa ng inspeksyon sa mga naturnag kagamitan at natukoy na nasa maayos pang kalagayan ang mga ito habang nakaimbak sa bodega.Giit ng kalihim, magbebenepisyo ng malaki ang komisyon kung matatanggal o aalisin na ang mga naturang makinarya mula sa mga bodega nito dahil sa malaking pondo umano ang ginagasta ng komisyon para sa 'warehousing' o bayad para sa bodega habang hindi naman nagagamit ng komisyon ang mga ito.Ang mga Precinct Count Optical Scan (PCOS) machine ay unang ipinakilala sa Pilipinas noong 2010 Presidential Elections mula sa Smartmatic.Muli ding gumamit ng PCOS ang Pilipinas noong 2013 Midterm Elections.Noong 2016 presidential elections, ipinalit na dito ang mga vote counting machine(VCM). Ang mga ito rin ang ginamit sa mga sumunod na halalan – 2019 midterm at 2022 presidentail elections.

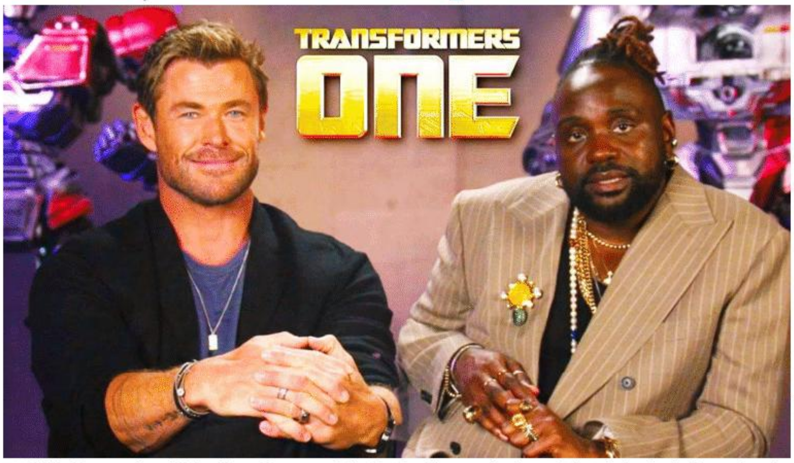
Chris Hemsworth, Brian Tyree Henry bring action, emotional depth in 'Transformers One'



Chris Hemsworth and Brian Tyree Henry reveal the depth and nuance they brought into their roles in the much-anticipated "Transformers One," the first-ever fully CG-animated Transformers movie.

Both actors are stepping into legendary characters. Hemsworth voices the noble Optimus Prime while Henry is the complex villain Megatron.To the actors, "Transformers One" is not just an action-packed, visually stunning spectacle, but also a story driven by profound emotional connections and themes of identity, love, and transformation.

Before Optimus Prime, there was Orion Pax, a worker bot who dreams of doing something bigger for his community."I think it sort of resonates with a lot of people, most of us I hope," said Hemsworth about his character yearning to be something more.

"The idea that we have some influence on our journey in life, and that our path isn't sort of preordained. It has a lot to do with the work and commitment and our own passion, our own sense of hope and what we want to achieve, or what we believe is possible."

Meanwhile, Henry's approach to playing Megatron, a character synonymous with villainy in the Transformers universe, goes far beyond the typical portrayal of a ruthless antagonist.

For him, unlocking Megatron's origin was the key to understanding the character.

"I've always had a fascination with villains, especially from our youth," he said. "In cartoons, when they present them to you, it's just like, you always hate this guy. I'm like: there's got to be more."

The actor added: "Villains are diehard; they're going to rally behind what it is that they want to change, and usually it's something that they've discovered and being disillusioned."

"What they thought was real isn't really what it is. And so that's what I wanted to bring to Megatron. But I also really loved the connection between he and Optimus—like to realize that they actually are thick as thieves."

Directed by Josh Cooley, the new take brings fans back to the origins of Optimus Prime and Megatron's relationship, exploring their once-strong bond before it fractured into the bitter rivalry that defines their future battles.Hemsworth channeled Optimus Prime's leadership and resilience and leaned into the character's calm authority.

Henry, meanwhile, sought to capture the intensity and inner turmoil of Megatron, ensuring that his portrayal carried both gravitas and vulnerability.

Sean 'Diddy' Combs arrested amid assault lawsuits

The rap mogul is the target of several civil lawsuits that characterize him as a violent sexual predator who used alcohol and drugs to subdue his victims.

Combs, 54, was arrested on Monday by federal agents acting on a sealed indictment filed by the Southern District of New York.

"We expect to move to unseal the indictment in the morning and will have more to say at that time," US attorney for the Southern District of New York Damian Williams said in a statement late Monday.

Williams did not provide further details of the charges but Marc Agnifilo, a lawyer for Combs, told The New York Times he believed the rapper was being charged with racketeering and sex trafficking.

Agnifilo said in a statement provided to AFP that Combs had voluntarily relocated to New York in anticipation of being charged.

"We are disappointed with the decision to pursue what we believe is an unjust prosecution of Mr Combs by the US Attorney's Office," the statement said.

Agnifilo said Combs was being "cooperative with this investigation" and "looks forward to clearing his name in court."

The rapper's luxury homes in Miami and Los Angeles were raided by federal agents in March in a heavily publicized bicoastal operation that indicated a federal investigation and potential criminal case was mounting against Combs.

- Bombshell suit -

The powerful music industry figure, who has gone by various monikers including Puff Daddy and P Diddy, was widely credited as being key to hip hop's journey from the streets to the bottle-service club.

He has amassed vast wealth over the decades, not least due to his ventures in the liquor industry.

However, despite his efforts to cultivate the image of a smooth party kingpin and business magnate, a spate of lawsuits describe Combs as a violent man who used his celebrity to prey on women.

The artist has denied all accusations against him. Combs has no major covictions but has long been trailed by allegations of physical assault, dating back to the 1990s.

The floodgates opened late last year after singer Cassie, whose real name is Casandra Ventura, alleged Combs subjected her to more than a decade of coercion by physical force and drugs as well as a 2018 rape.

The pair met when Ventura was 19 and Combs was 37, after which he signed her to his label and they began a romantic relationship.

The bombshell suit was quickly settled out of court but a string of similarly lurid sexual assault claims followed -- including one in December by a woman who alleged Combs and others gang-raped her when she was 17.

Disturbing surveillance video then emerged in May showing Combs physically assaulting his then-girlfriend Ventura, corroborating allegations she made in the now-settled case.

- Global fame with dark shadow -

Born Sean John Combs on November 4, 1969, in Harlem, the artist entered the industry as an intern in 1990 at Uptown Records, where he eventually became a talent director.

He gained a reputation as a party planner, which would be central to his brand as his fame rose.

In 1991 he promoted a celebrity basketball game and concert at the City College of New York that left nine people dead after a stampede.

The event was over capacity by thousands and resulted in a string of lawsuits, with Combs blamed for hiring inadequate security.

He was fired from Uptown and founded his own label, Bad Boy Records.

Thus began a quick ascent to the top of East Coast hip hop, along with his disciple, the late The Notorious B.I.G.

Combs boasted a number of major signed acts and production collaborations with the likes of Mary J Blige, Usher, Lil' Kim, TLC, Mariah Carey and Boyz II Men.

He was also a Grammy-winning rapper in his own right, debuting with the chart-topping single "Can't Nobody Hold Me Down" and his album "No Way Out."

He built an image as a brash hustler with unapologetic swagger, a major producer who also ventured into Hollywood, reality television and fashion and had high-profile romantic links with the likes of Jennifer Lopez.

But a dark history of violence and serious misconduct has long haunted his fame.

VP Harris, iginiit na walang puwang ang karahasan sa US kasunod ng 2nd assassination attempt kay Trump

Naglabas na ng statement ang kampo ni Democrat Presidential candidate Kamala Harris kasunod ng naging pagtatangkang muli sa buhay ng kanyang kalaban na si dating US Pres. Donald Trump.

Bagaman maikli lamang ang naging statement ng pangalawang pangulo, nakasaad dito na walang puwang ang violence o karahasan sa US.

Ikinalugod din ni Harris na nasa maayos na kalagayan ito kasunod ng panibagong pamamaril na tinukoy ng US Secret Service bilang ikalawang pagtatangka sa buhay ng dating pangulo.

Una nang naglabas ng statement si Trump at sinabing nasa maayos siyang kalagayan at ligtas mula sa naturang pamamaril.

Parehong sentimiyento rin ang inilabas ni US Pres. Joe Biden kasunod ng naturang pamamaril.

Ayon kay Biden, walang puwang ang political violence o anumang uri ng karahasan sa US. Nagpapatuloy aniya ang imbestigasyon sa naturang insidente upang matunton kung ano ang tunay na nangyari.

Ayon pa kay Biden, inatasan na niya ang Secret Service na gawin ang lahat ng paraan at gamitin ang lahat ng resources para mabigyan ng proteksyon ang dating pangulo ng US.

Samantala, nagpaabot na rin ng mensahe ang iba't-ibang mga world leader kasunod ng panibagong attempt. Isa rito si Australian PM Anthony Albanese na nagsabing ikinagagalak niyang ligtas ang dating pangulo.

Sa kasalukuyan, wala pang official public speech si Trump kasunod ng nangyaring pamamaril.

Hezbollah tiniyak ang pagganti sa Israel matapos ang pagsabog ng pager

Tiniyak ng Hezbollah militant group na kanilang papanagutin ang Israel.Kasunod ito sa pagsabog ng mga pager na kanilang gamit na ikinasawi ng siyam nilang miyembro at ikinasugat ng maraming iba pa.

Mula pa kasi noong dekada 90 ay hindi na gumagamit ng cellphone ang mga Hezbollah dahil sa pangambang pagmonitor sa kanila ng Israel.Minabuti nilang gumamit na lamang ng pager para makakuha ng mga mensahe.Naniniwala ang Hezbollah na gumamit ng kakaibang software ang Israel para ito ay mapasabog.Maging ang Lebanon ay sinisi ang Israel sa nasabing pangyayari at tiniyak ang pagganti.Hindi pa nagbibigay ng impormasyon o pag-ako ang Israel ukol sa insidente.

Biden kinondina ang tangkang pamamaril kay Trump

Kinondina ni US President Joe Biden ang tangkang pamamaril kay Trump.

Sinabi nito na walang lugar sa America ang mga political violence.Dagdag pa nito na mapayapa nilang niresolba ang anumang hindi pagkakaintindihan sa pamamagitan ng botohan.Pinuri din ng pangulo ang mabilis na pag-aksyon ng mga Secret Service para tuluyang mapigil ang pamamaril.Pagtitiyak ni Biden na mas hihigpitan pa ng mga Secret Service ang pagbibigay ng seguridad sa mga binabantayan nilang opisyal ng gobyernoTinawagan na rin ni Biden si Trump at kinumusta ang kalagayan kung saan tiniyak niya na magiging mahigpit ang pagbabantay ng mga Secret Service.

Hodge, Tenorio, Sangalang to be honored by PBA Press Corps

The veteran trio of LA Tenorio, Ian Sangalang, and Cliff Hodge will be recognized by the PBA Press Corps when it holds its 30th Awards Night on Sept. 24 at the Novotel Manila Araneta City.

The do-it-all Hodge will be hailed as the Defensive Player of the Year, while Tenorio and Sangalang are the recipients of the Bogs Adornado Comeback Player of the Year award from the group of sportswriters regularly covering Asia's pioneering pro league.

Hodge, 36, averaged 9.6 points, 5.3 rebounds, and 3.2 assists while providing hustle plays and hard work not reflected in the stat sheets.

A part of the Bolts since 2012 when he was selected fourth overall in the PBA Rookie Draft, Hodge played a major role in Meralco's first ever championship. The Bolts had stunned the San Miguel Beermen in six games in last season's PBA Philippine Cup Finals.

Hodge joins the likes of Marc Pingris, Chris Jackson, Arwind Santos, Freddie Abuda, Chris Ross, June Mar Fajardo, among others, who were past recipients of the award.

Tenorio and Sangalang on the other hand, will be honored for their successful return to active duty after their respective bouts with career-threatening illnesses.

Sangalang was previously diagnosed with hyperthyroidism that led him to miss the rest of the league's Season 47 with Magnolia.Tenorio's health condition was an open case the moment the Barangay Ginebra team captain announced he was stricken with stage three colon cancer. His situation made him skip the Season 47 Governors' Cup that finally ended his league record of 744 consecutive games played.

But following their respective treatments, both Sangalang and Tenorio are back in the pink of health and playing again for their respective teams, healthy enough to receive the special award named after PBA great William "Bogs" Adornado, who successfully came back from two career-threatening knee injuries and became a three-time league MVP.

World No. 1 Swiatek withdraws from Korea Open

Organizers of the Korea Open said Swiatek, a five-time Grand Slam singles champion, withdrew from the competition due to fatigue.

They said the Polish player told them she was not back to 100 percent following the U.S. Open last week and was forced to alter her schedule.

She promised to visit Seoul for next year's tournament, the organizers added.

Swiatek is one of five current or former top-10 players to have withdrawn from the Korea Open.

Jessica Pegula, the defending champion with a Korean-born mother, will miss her title defense here due to a rib injury. Pegula, world No. 3, knocked off Swiatek in the quarterfinals of the U.S. Open before losing to Aryna Sabalenka in the final.

World No. 4 Elena Rybakina, the 2022 Wimbledon champion, has hit the sidelines with a back injury, while eighth-ranked Emma Navarro, the U.S. Open semifinalist, has changed her schedule. Karolina Pliskova, former world No. 1 and 2014 Korea Open champion, is dealing with a foot injury.

With these withdrawals, the 2017 U.S. Open champion Sloane Stephens and the 2021 U.S. Open winner Emma Raducanu have moved into the main draw.Raducanu was a fan favorite at the 2022 Korea Open, when she reached the semifinals -- her first trip to the last four at a tournament that year.

The Korea Open starts Saturday with qualifying matches at Olympic Park Tennis Center in Seoul, and the main draw matches will begin Monday. The finals for both the singles and doubles will be Sept. 22.

The Korea Open has been elevated from WTA 250, the lowest level of tour events, to WTA 500, meaning the champion will earn 500 world ranking points.

The purse has been raised from about USD260,000 to USD1 million.

Loman identifies weakness in his game after loss to Lineker

After getting dominated by former bantamweight champion John "Hands of Stone" Lineker at ONE Fight Night 14 in September 2023, the Filipino believes he has identified the only glaring hole remaining in his game.

Surprisingly, Loman is focusing on striking as the one facet of his arsenal that needs improvement.

Against Lineker, Loman tried to no avail to take the fight to the ground, all the while the Brazilian veteran overwhelmed him on the feet en route to a unanimous decision win.

His first loss in seven years may turn out to be beneficial for bantamweight MMA contender Stephen "The Sniper" Loman.

The result marked the end of Loman's 11-fight winning streak dating to April 2016.

"I did not believe in my striking," he admitted. "That's why I turned to my wrestling. I [stuck] with my wrestling even though I was connecting with my shots."

"I clocked him with my jabs and straights. When he kicked, I caught it. I should've stuck with it to see if I could get him with my striking," he added.For Loman, he lacked the confidence in his striking to keep the fight standing – even when he was tagging Lineker with shots of his own. In his willingness to get the fight on the ground, he felt like he forgot the other aspects of his game.

"If my counter had been wrestling, all I did was just shoot for the takedown without even setting it up with my strikes," he said. "I think I really lacked the timing, the set-ups, and I just vanished. My offense just vanished. He defended everything.

That lack of commitment comes from what he feels are shortcomings in his striking, a surprise considering that Filipino fighters are known for that aspect of their game. Making it all the more surprising is that Loman competed out of one of the best striking camps in the Philippines – Team Lakay – before leaving the gym after the fight.
